## Selected Publications Ceramic Converter

No.	Year	Title	Authors	Published in
[5]	2021	<b>Design rules for laser pumped phosphor light engines with static ceramic luminescent converters</b>	V. Hagemann, A. Seidl	SPIE OPTO
[4]	2020	<b>New Ceramic Converters for Efficient Light Conversion</b>	D. Ruth	OSA OIDA Technology Showcase
[3]	2020	<b>Static ceramic phosphor assemblies for high power high luminance SSL-light sources for digital projection and specialty lighting</b>	V. Hagemann, A. Seidl, G. Weidmann	Proc. SPIE 11302
[2]	2019	<b>Ceramic phosphor wheels for high luminance SSL-light sources with &gt;500W of laser power for digital projection</b>	V. Hagemann, A. Seidl, G. Weidmann	Proc. SPIE 10940
[1]	2018	<b>Optical ceramics for high power digital projection</b>	A. Seidl, S. Biedenbender, V. Hagemann, M. Letz, L. Parthier, U. Stöhr	If you are interested, please contact us
